- To provide a peaceful atmosphere of learning which is distractions-free and fully focused on studies. It promotes positive outlook, inculcates hard work and good habits.
- Air conditioned classroom are a part of the hygenic environment that we provide to our students.

About NEET

The National Eligibility Entrance Test (NEET), formerly the All India Pre-Medical Test (AIPMT), is the qualifying test for MBBS and BDS programmes in Indian medical and dental colleges. It is conducted by the National Testing Agency (NTA).

A candidate who wishes to study medical courses needs to have Physics, Chemistry, Biology as their compulsory subjects in Class 10th and 12th and must have passed these subjects. The candidate has to show their passing certificate at the time of the counseling round. Marks in Mathematics are not considered in NEET-undergraduate exam (NEET-UG).

About JEE

The JEE (Joint Entrance Examination) is an entrance exam for admission into various engineering colleges across the country. One of the most-challenging entrance exams in the country, the JEE is your gateway to the prestigious IITs, NITs, and Central Funded Technical Institutes (CFTIs). JEE conducted in two parts: JEE Mains and JEE Advance. Each paper can be attempted in English, or Hindi, or other languages, based on examination centre location. The JEE exam is conducted in 13 languages — English, Hindi, Marathi, Odia, Tamil, Gujarati, Punjabi, Marathi, Urdu, Bengali, Telugu, Kannada, and Assamese. The patterns of the JEE Main and JEE Advanced papers also differ.

NEET LEADER

A one-year course for 12th pass out students targeting seats for MBBS and BDS all over India.

JEE SPRINTER

A one-year course for 11th pass out students targeting seats for various engineering courses all over India.

MHT-CET LEADER

A one-year course for 12th pass out students targeting seats for various engineering/pharmacy courses in Maharashtra

MHT-CET CRASH

A 60 day short program for 12th pass out students targeting seats for various engineering/pharmacy courses in Maharashtra.

OUR FACULTY

Sadat Shaikh Sir (Physics)

M. Tech. (Electronics & Telecommunications) with 11 years of experience.

Ex-Allen faculty with proven track record of students' performance and results.

Innovative teaching methodology to understand Physics in the most simplified manner.

Nurturing and mentoring students with personal attention.

Santosh Shukla Sir (Chemistry)

M. Sc. In Chemistry with 17 years of experience.

Ex-Aakash faculty with proven results.

Immense experience in motivating students and guiding them to achieve their target.

Personal attention to each student with simplified teaching approach.

Aparna Verma Ma'am (Biology)

M. Sc., B. Ed. with 5 years of experience.

Ex-Resonance faculty with excellent track record among students.

Creative learning exposure to students for better understanding and enhancement of students.

Very engaging learning environment in the classroom.

Nasib Ali Sir (Mathematics)

B. Tech. (Electronics & Telecommunications) with 9 years of experience

Clearing the concept with ease for better problem-solving ability.

Practical examples of the topic for better grasping.

Creating fast thinking among students and tricks for every problem.

Some FAQ's for NEET & JEE

For detailed FAQ's please visit our FAQ's section on our website

Q1. How good is the faculty?

Each of our faculty team members are selected through a rigorous process. Our selection criteria is well developed and takes into account four things; Conceptual base of the subject, Teaching capabilities, Student Centricity, NEET/JEE experience.

Q2. Why should I send my child to Shaheen Academy? How is Shaheen different?

The chances of success goes up for your child if he/she gets a distraction-free environment and a very methodical approach to teaching the NEET/JEE curriculum. Both these are available at Shaheen and our track record says that.

Q3. Which is the best branch of Shaheen in India?

Our Bidar branch continues to be the largest and the most successful till date. We have about 20,000 students studying at Bidar. Of these, about 10,000 are residential students from across the country at the hostel and the others are local students. We intend to make the Mumbai Branches as good as our Bidar campus by strict adherence to the academic structure and process prescribed.

Q4. Who conducts NEET exams?

The NTA (National Testing Agency) is the regulatory body for NEET exams since the year 2019.

Q5. How many times NEET is held in a year?

NEET exam is held once every year.

Q6. For which seats NEET 2022 will be conducted?

Here is the distribution of seats for NEET 2022:

- 15% All India Quota (AIQ) seats
- 85% state quota medical seats
- Central and deemed universities
- State, management, and NRI quota seats in private colleges
- Central pool quota seats
- Seats in private unaided, aided minority, and non-minority medical colleges.
- Mandatory qualification for candidates willing to pursue MBBS or BDS from a foreign medical institute.

Q7. Are there any limits to attempting the NEET exam?

There is an age limit of 17 years. You must be 17 or more till the time of admission. If you don't fulfil this criterion, you cannot take admissions to any medical college. There are no restrictions on the maximum number of attempts for NEET.

Q8. What is JEE?

JEE or Joint Entrance Examination is an all India level engineering entrance examination conducted for facilitating admissions into various undergraduate technical courses offered at prestigious colleges like IITs, NITs, IIITs and more. Due to the vastness of JEE syllabus and the level of competition, it is considered as one of the toughest engineering entrance examinations. Every year JEE is conducted in two phases: JEE Main and JEE Advanced.

Q9. What is JEE Main?

JEE Main is the first phase of JEE and is conducted by NTA for admissions into various undergraduate courses offered at NITs, IIITs and other GFTIs. JEE Main is also a qualifying examination for students targeting to appear for JEE Advanced.

Q10. What is JEE Advanced?

JEE Advanced is the second phase of JEE and conducted by IITs on a rotation basis. Students are granted admissions into various undergraduate technical courses offered at IITs and ISM on the basis of marks obtained in JEE Advanced.

Q11. How to crack the Joint Entrance Examination (JEE)?

JEE is one of the toughest competitive entrance exams. A candidate has to prepare for JEE with dedication as the JEE syllabus is really extensive being an amalgamation of class 11th and class 12th syllabus. With tried and tested tricks, cracking JEE would become an easy task.
